

### **Community Legacy Grant – Cycleway report October 2023.**

We are still awaiting replies from National Highways and Worcester CC regarding legal permissions.

We have met with Bradley Thomas and his potential successor. We have shared the vision with him and walked the route into Evesham.

We have met with Phil Maclean the marketing director of Eagle one who run the Valley shopping complex. Phil emphasised the importance of the commercial and tourist aspects of the cycle path. That many business opportunities could be developed on the back of this project. He also stressed the need for a more visual impact in terms of mapping and data and has kindly offered to help us with this. Phil is a member of the Evesham Place Board and has suggested we attend the next meeting scheduled for Wednesday 8 th November.

We have a meeting planned with Heather Peachy Wychavon DC to gain information about CIL funding that has been set aside for the route out of Evesham to the Valley
